

Sutta Cetokhila: Hati yang Gersang
(Cetokhila Sutta: Barrenness of the Heart)
Cetokhila Suttam
[Majjhima Nikaya 16]

Thus have I heard.

The Bhagavan was once dwelling at Sāvatthi, in the park of Anāthapindika.

There the Bhagavan addressed the monks, saying, "Bhikshus!"

'Yes, Bhante!' said the monks, in assent, to the Bhagavan.

Demikianlah telah kudengar. Pada suatu ketika Bhagava sedang menetap di Savatthi di Taman Anathapindika. Di situ beliau berkata kepada para bhikkhu: "Para bhikkhu." – "Ya, Bhante," mereka menjawab.

Evam me sutam:

Ekam samayam Bhagavā Sāvattīyam viharati Jetavane Anāthapiṇḍikassa ārāme.

Tatra kho Bhagavā bhikkhū āmantesi Bhikkhavo ti.

Bhadante ti te bhikkhū Bhagavato paccassosum.

Bhagavā etad avoca:

Then the Bhagavan spoke:

"Bhikshus, that any monk who has not quite become free from the five kinds of barrenness, has not altogether broken through the five kinds of bondage, it would be impossible indeed to attain growth, abundance and maturity in this Teaching and Discipline [Dharma-Vinaya].

Kemudian Bhagava berkata: "Para bhikkhu, bhikkhu mana pun yang belum sungguh-sungguh terbebaskan dari lima jenis kegersangan hati dan belum sepenuhnya terbebaskan dari lima jenis belenggu, maka tidaklah mungkin untuk tumbuh, berkembang dan matang dalam pemahaman ajaran maupun cara hidupnya."

'For one whose mind does not incline to rigorous practice, to continued practice, to perseverance and striving, he has not become free from this first barrenness.

Para bhikkhu, yang pertama adalah ketika seorang bhikkhu penuh keraguan terhadap nilai gurunya, bimbang terhadapnya, tidak memiliki kepercayaan terhadapnya dan tidak yakin terhadapnya; maka hatinya cenderung tidak tabah, tidak tekun, tidak berusaha, dan tidak gigih. Bagi seseorang yang hatinya penuh keraguan dan cenderung tidak tabah, tidak tekun, tidak berusaha, dan tidak gigih, dia belum terbebaskan dari ciri kegersangan hati yang pertama.

'And further, O Bhikkhus, a monk who does not eat as much as he likes so as to fill his belly full, and not devoted to the pleasures of the bed, of lying about, of sleeping and laziness; then his mind does incline to rigorous practice, to continued practice, to perseverance and striving.

'For one whose mind does incline to rigorous practice, to continued practice, to perseverance and striving, he has broken through this fourth bondage.

Kemudian, oh para bhikkhu, seorang bhikkhu yang hanya makan secukupnya sekadar mengurangi lapar, tidak tidur berlebihan, tidak sekadar berbaring, mengantuk dan bermalas-malasan, dengan demikian hatinya tabah, tekun, selalu berusaha, dan gigih.

Bagi seseorang yang hatinya tabah, tekun, selalu berusaha, dan gigih, dia telah terbebaskan dari belenggu yang keempat.

Puna ca param bhikkhave bhikkhu na yāvadatthaṁ udarāvadehakaṁ bhuñjitvā seyyasukhaṁ passasukhaṁ middhasukhaṁ anuyutto viharati.
 Yo so bhikkhave bhikkhu na yāvadatthaṁ udarāvadehakaṁ bhuñjitvā seyyasukhaṁ passasukhaṁ middhasukhaṁ anuyutto viharati,
 tassa cittam namati ātappāya anuyogāya sātaccāya padhānāya.
 Yassa cittam namati ātappāya anuyogāya sātaccāya padhānāya.
 Evamassāyam catuttho cetaso vinibandho susamucchinno hoti.

'And further, O Bhikkhus, a monk has not adopted the spiritual life in the aspiration of belonging to some deva realms', and not thinking to himself: "By this morality, or by this observance, or by this austerity, or by this religious life, I shall become a deva, or one of the devas!"; then his mind does incline to rigorous practice, to continued practice, to perseverance and striving.

'For one whose mind does incline to rigorous practice, to continued practice, to perseverance and striving, he has broken through this fifth bondage.

Kemudian, oh para bhikkhu, seorang bhikkhu memilih menjalankan kehidupan spiritual tidak dengan harapan agar kelak dapat bersemayam di alam para dewa, dan tidak berpikir: melalui hidup bermoral ini, atau dengan mengamati tindak-tanduk di kehidupan ini, atau dengan hidup sederhana ini, atau dengan kehidupan religius ini, semoga saya menjadi dewa, dewa ini atau dewa itu, dengan demikian hatinya tabah, tekun, selalu berusaha, dan gigih.

Bagi seseorang yang hatinya tabah, tekun, selalu berusaha, dan gigih, dia telah terbebaskan dari belenggu yang kelima.

Puna ca param bhikkhave bhikkhu na aññataram devanikāyam pañidhāya brahmacariyam carati: imināham sīlena vā vatena vā tapena vā brahmacariyena vā devo vā bhavissāmi devaññataro vāti.
 Yo so bhikkhave bhikkhu na aññataram devanikāyam pañidhāya brahmacariyam carati: imināham sīlena vā vatena vā tapena vā brahmacariye vā devo vā bhavissāmi devaññataro vāti,
 tassa cittam namati ātappāya anuyogāya sātaccāya padhānāya.
 Yassa cittam namati ātappāya anuyogāya sātaccāya padhānāya,
 evamassāyam pañcamo cetaso vinibandho susamucchinno hoti.
 Imassa pañca cetaso vinibandhā susamucchinnā honti.

"Bhikshus, that any monk who has become free from the five kinds of barrenness, has altogether broken through the five kinds of bondage, it would be indeed possible to attain growth, abundance and maturity in this Teaching and Discipline [Dharma-Vinaya]."

"Para bhikkhu, bhikkhu mana pun yang telah terbebas dari lima jenis kegersangan hati dan telah sepenuhnya terbebas dari lima jenis belenggu, pasti akan tumbuh, berkembang dan matang dalam pemahaman ajaran maupun cara hidupnya."

Yassa kassa ci bhikkhave bhikkhuno ime pañca cetokhilā pahīnā,

so vatimasmiṃ dhamma-vinaye vuḍḍhiṃ virū'hiṃ vepullam āpajjissatīti ṭhāname tam

This samādhi of intention [chanda], resulting from having relied on intention [chanda] with the result of various forms of striving [padhānasaṅkhārā] gives rise to the basis for success (iddhipāda).

Samadhi kehendak (*chandasamādhi*) yang merupakan hasil dari mengonsentrasiakan kehendak, disertai dengan akibat dari berbagai bentuk tekad dan usaha (*padhānasaṅkhārā*); akan menimbulkan hasil sebagai landasan untuk kesuksesan (*iddhipāda*).

So chanda-samādhi-padhāna-saṅkhāra-samannāgataṃ iddhipādaṃ bhāveti.

This samādhi of effort [viriya], resulting from having relied on viriya with the result of various forms of striving, gives rise to the basis for success.

Vīmaṇsāsamādhipadhānasaṅkhārasamannāgataṁ iddhipādaṁ bhāveti.

Enthusiasm [usso'hi] is the fifth basis for success.

Semangat (*usso'hi*) adalah landasan kelima untuk kesuksesan.

Usso'hiyeva pañcamī.

So with these fifteenfold determination including enthusiasm they are capable of a breakthrough [abhinibbida], capable of fully understanding [sambodha], capable of the unsurpassed attainment of the peace of union [anuttarassayogakkhemassa adhigama].

Jadi, dengan lima belas ketetapan hati ini, termasuk dengan semangat, mereka akan mampu mendobrak (*abhinibbida*), mampu melihat apa adanya (*sambodha*) dan mampu mengalami ‘kedamaian tertinggi yang terpadu’ (*anuttarassa yogakkhemassa adhigamāya*).

Sa kho so bhikkhave evaṁ usso'hī pannarasāgasamannāgato bhikkhu bhabbo abhinibbhidāya, bhabbo sambodhāya, bhabbo anuttarassa yogakkhemassa adhigamāya.

'Just, O Bhikkhus, as when a hen has eight or ten or twelve eggs, and the hen has properly been sitting over them, properly incubating them, properly brooding them, the hen does not need to wish: "May my chicks, with beak and claw, safely break through their eggshell". Because the chicks are well equipped with beak and claw and are sure to pierce their eggshell and break through.'

“Oh para bhikkhu, seperti halnya seekor induk ayam yang bertelur sebanyak delapan, sepuluh, atau dua belas butir, setelah mengeraminya secara benar, setelah mengikuti proses penetasan yang benar, setelah berhati-hati memeliharanya dengan baik, maka Sang Induk tidak perlu kuatir dan berharap: ‘Agar anak-anakku mampu memecahkan kulit telur dengan cakar dan paruhnya, agar mereka dapat menetas dan keluar dengan selamat!’ Namun, karena anak-anak ayam itu telah terbekali dengan cakar dan paruhnya, mereka akan mampu dengan sendirinya memecahkan kulit telur dan menetas keluar dengan selamat.”

Seyyathā pi, bhikkhave, kukkuṭiyā aṇḍāni aṭṭha vā dasa va dvādasā vā,
tānassu kukkuṭiyā sammā adhisayitāni, sammā pariseditāni, sammā paribhāvitāni,

Atha kho bhabba te kukkuṭa potakā pādanakhasikhāya vā mukhatuṇḍakena vā aṇḍakosam̄ padāletvā sotthinā abhinibbhijitum̄.

So with these fifteenfold determination including enthusiasm they are capable of a breakthrough [abhinibbida], capable of fully understanding [sambodha], capable of the unsurpassed attainment of the peace of union [anuttarassayogakkhemassa adhigama].

Jadi, dengan lima belas ketetapan hati ini, termasuk dengan semangat, mereka akan mampu mendobrak (*abhinibbida*), mampu melihat apa adanya (*sambodha*) dan mampu mengalami ‘kedamaian tertinggi yang terpadu’ (*anuttarassa yogakkhemassa adhigamāya*).

Evam eva kho bhikkhave evam̄ usso'hī pannarasāṅgasamannāgato bhikkhu bhabbo sambodhāya, bhabbo abhinibbhidāya,

This is what the Bhagavan said. The monks were pleased and rejoiced in his words.

Itulah yang dikatakan oleh Bhagava. Para bhikkhu merasa bahagia dan gembira mendengar kata-kata Bhagava.

Idam avoca Bhagavā. Attamanā te bhikkhū Bhagavato bhāsitam̄ abhinandunti.
